Sub:- Grant of permission to Government servants to study cost accountancy.

The undersigned is directed to say that the question of giving permission to Government servants to study Cost Accountancy was under active consideration of Government for some time past. After careful consideration Government have been pleased to decide that consequent on the opening of evening classes in Cost Accountancy in the Ravenshaw College, Cuttack, Government Servants who are desirous of taking regular coaching, may be permitted to study the said course with the previous permission of their appointing authority provided that their official duties do not suffer.

  
Joint Secretary to Government.
