Political and Services Department

OFFICE MEMORANDUM

No 22412-Gen

Bhubaneswar, dated the 7th October, 66

Sub:-

Requirement of Domicile and Language
Qualifications for entry into Government Service.

In paragraph 2(ii) and 2(iii) of the Political and Services Department Resolution No. 10719-Gen dated 31.8.61 which has been enforced in the P & S Department Memo No. 6415(25)/Gen dated 25th March, 1966, it has been laid down that for technical posts, whether permanent or temporary, recruitment may be made on the condition that within the prescribed probationary period the candidate selected should pass an examination in Oriya equivalent to the M.E. standard, provided that the language qualification shall not be insisted upon if so desired by Government in specific cases. Some doubts have been felt as to who will exercise this option to decide the particular policy in each case.

It is hereby clarified that it would be for the administrative department to decide in respect of each class of technical personnel as to whether a Language test or qualification would be a pre-requisite for entry into service or whether it would be provided for within the probationary period or shall not be insisted on in specific cases.
