Government of Orissa,
General Administration Department.

No. S.O. 10-24/97. 21352 / Gen. Dt. 12.8.97

To

All Departments of Government.

All Heads of Departments.

All Collectors.

Sub:- Rehabilitation Assistance to the families of deceased or permanently disabled Government Servants, who die or suffer the disability while in service- guidelines in the matter of.

References are being made to the General Administration Department for clarification as to whether a member of the family who has already been appointed in a Group-'D' post under Rehabilitation Assistance Scheme can again be appointed in a Group-'C' post by virtue of his higher qualification. With a view to ensure that a proper procedure is followed in all such cases, it is clarified that once a member of a family of a deceased/disabled Govt. servant is appointed against a Group-'D' post under the Rehabilitation Assistance Scheme, the immediate distress condition of the family is mitigated and by that the main object of the Rehabilitation Assistance Scheme is achieved. Hence, no further claims shall be entertained for appointing the same person to a higher post on the ground of compassion due to higher qualification. For any further advancement in service, he will have to take his chance in the normal course and compete with other eligible persons.
